Wage Peace
With the Rotary Action Group for Peace
The RAGFP believes that everyone can be a peacebuilder. We want to advance positive peace around the world by empowering the grassroots systems, structures, and attitudes that enhance an ecosystem of peace. As a global network, the RAGFP empowers communities to convene, collaborate, and unite for peace action.
The RAGFP engages, educates, and empowers the Rotary community through strategic programs that inspire effective peace action. The RAGFP serves as a platform for members to connect to a global network of peacebuilders.

We are a large growing community of Rotary Club members in over 80 countries around the world.
Membership to the RAGFP supports the peace efforts and education of a global network of Rotary Peacebuilders. This allows members to connect and collaborate on peace initiatives that intend to create mutual understanding, harmony, and goodwill.
What are Peacebuilder Clubs?

Peacebuilder Clubs are essential participants of Rotary's Peace Area of Focus as you engage in peace initiatives that create and improve the infrastructures and attitudes for peace within your local communities.

All RAGFP Peacebuilder Clubs assemble peace committees who meet regularly to discuss how their Rotary Club can engage in peace projects that build and sustain positive peace. Thanks to you, we have quickly grown to over 220 registered RAGFP Peacebuilder Clubs worldwide.
